

## SPORTS PREMIUM FUNDING AT THOMSON HOUSE SCHOOL 2017-18

### What is Sports Premium Funding?

Primary schools receive additional funding from the DfE to improve their PE and sports provision. The PE and Sports Premium funding for each school is based on their number of pupils in Years 1 to 6. In most cases, the amount received is determined by the number of eligible pupils at the school based on the January school census.

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that the premium should be used to:

- develop or add to the PE and sport activities that the school already offers
- make improvements now that will benefit pupils joining the school in future years

### How will Thomson House School use its Sports Premium?

THS is committed to providing 3 hours of curriculum time weekly to PE – this is made up of 2 PE lessons and a daily run for 15 minutes. We recognise that an active lifestyle has benefits for focus and concentration; mental health; emotional well-being; teamwork; friendships and social skills.
