Photographs and social media

Occasionally we publish photographs of the children engaged in school activities e.g. in the newsletter, website or social media. Most of these are only used internally or distributed to other school parents e.g. via the newsletter, however some would be used on the public website. If you are happy for your child's photograph to be published please complete the permissions below. You can opt in or out of the different categories depending on your preferences.

I give my permission for my child's photograph to be used:	Yes	No
